Westmorland

Salaries increase each year both by the natural annual increase allowed to a teacher and also by the added increments towards equal pay with male teachers.

An increase in rate paid per hour to the domestic staff and to the weekly wages of the gardeners, cooks etc. has added 5% to the annual cost of wages.

In January/February last the price of anthracite rose by 18/- per ton and 10/- per ton on coke and the coal dealer's estimate of the increase to be made at the end of October is 15/- per ton on both these commodities.

The rise in the cost of the employer's contributions towards National Insurance will mean an additional cost to the Foundation of £200. per annum.

Milk which was 7½d per pint is now 9d.

Gas is now 1d a therm more.

The 'Nightstor' heaters we have installed in the 'Beehive', the Laboratory and in the new school burn electricity at a rate of 14/- per day.

The School butcher's bill is on an average £20. per month more.
